Sir:

A Petition under 37 C.F.R. §1.47(a) was filed on 31 August 2007 in connection with the referenced application to accept the application without the signature of the heir of the joint inventor, Mikhail Tselner (the "Petition"). A Decision on Petition under 37 C.F.R. §1.47(a) was mailed 7 November 2007 (the "Decision"). For the reasons given in the Decision, the Petition was dismissed without prejudice on the grounds that the second requirement of 37 C.F.R. §1.47(a), i.e., factual proof that the non-signing joint inventor refuses to execute the application or cannot be reached under diligent effort, was not satisfied.

Subsequent to the respective mail dates of the Petition and Decision, efforts continued to reach Mrs. Tselner, the heir of the joint inventor, Mikhail Tselner, to obtain her signature of the combined declaration/power of attorney. Enclosed is a true copy of the original signed combined declaration/power of attorney with the signatures of Mrs. Tselner and joint inventor Oswald Vocke. All formal requirements with respect to the subject application are now complete.

Applicants herewith petition the Commissioner for Patents to extend the time for response to the Decision mailed 7 November 2007 for two (2) months from 7 January 2008 to 7 March 2008. Authorization is given to charge the extension of time fee of \$460.00 (37 C.F.R. §1.136 and §1.17) to Deposit Account No. 23-1703. Any deficiency or overpayment should be charged or credited to Deposit Account No. 23-1703.

The Decision provides that no petition fee is required for responding to the Decision. Nevertheless, the Commissioner is authorized to charge any required fee in connection with this communication to Deposit Account No. 23-1703.

Dated: 4 March 2008

Respectfully submitted,
